

## The Red Flash

Dear Customers,

We are very happy and proud to present you our new catalogue for **UROLOGY**.

Our new catalogue is very clearly ordered and is very useful for the dealer as well as for the end-user as a handy reference book.

The Urology catalogue shows the following product ranges:

Optics, cold light cables and adapters  
Cystoscopy / Urethroscopy  
Resectoscopy  
Resectoscopy / Slim Version  
Paediatric Resectoscopy  
Urethrotomy  
Nephroscopy  
Urethro-Renoscopy  
Accessories

**UROLOGY**

The instruments have been developed and complemented after the latest recognitions of technique. Manufactured with state-of-the-art technology our material and quality meet the highest requirements.

Over the next months you will receive more info's and catalogues about our product range. We will complete **Urology** by more instruments for the use of the **Green-Light-Laser System**. One chapter of Urology which becomes more and more important.

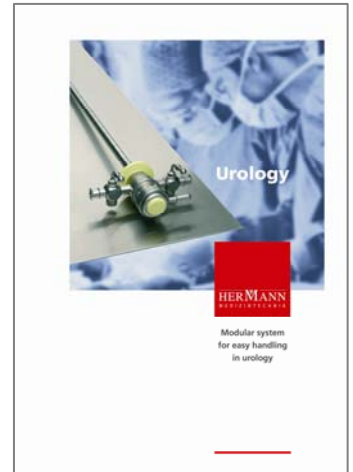

Apart of that we will be able to present you shortly a full program for **Hysteroscopy**, which will complete our Urology range perfectly.
